

**ASSESSMENT OF HIGH POTENTIAL &  
SCALABLE NATURE-BASED SOLUTIONS  
IN THE MEKONG DELTA, VIETNAM**

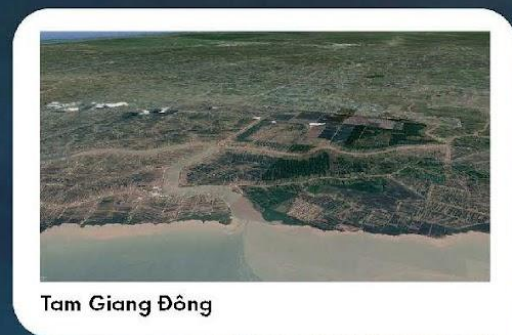

# LOWER MEKONG DELTA STRESSES

## PROJECT FOCUS AREAS

Drawing on analysis and a series of workshops, two focus areas were selected as the basis of two distinct case studies:

- Đồng Tháp - focus on flood management and sedimentation enhancing along river corridors
- Cà Mau - focus on sustainable coastal zone management and erosion prevention

# LOWER MEKONG DELTA VISION
